

OPTICAL SCIENCE & TECHNOLOGY CENTER

14th Annual Symposium & Poster Session

104 Iowa Advanced Technology Center (IATL)
205 N Madison Street

Friday, April 29

- David Peters, Sandia National Laboratory
“Optical Field confinement using metasurfaces/plasmonics for increased-efficiency infrared detectors”
- Claudio Margulis, Department of Chemistry, University of Iowa
“Everything anomalous About Room-Temperature Ionic Liquids”
- Allan Guyman, Dept of Chemical and Biochemical Engineering, University of Iowa
“Patterned Substrates for Neurite Guidance”
- Leslie Flynn, College of Education, University of Iowa
“STEM Innovator: A Framework for K-12 Engagement with STEM Industry Leaders”

**REGISTER
TODAY!**

8:30 a.m.–12 p.m.
Speaker Session
12:00 - 1:00 p.m.
Luncheon
1:00-3:00 p.m.
Poster Session
